### Message from Dr. Felix Yip (Past Chairman – 2008-2011)

On behalf of the DBAAA Executive Committee, Dr. Eric Chu presenting a souvenir to Dr. Felix Yip at the Annual Dinner 2011 as a token of appreciation to his leadership during 2008-2011.

20 January, 2012

Dear fellow alumni,

As you are properly aware, I have stepped down as the Chairman of our Association from January 2012. Being the Chairman of the Association for the past four years, I enjoyed every moment of the time and, with the active support from our ExCom Members, we have been able to kick start of some new initiatives, for example, establishing a student scholarship for 5 years, introducing Mentor-Adviser Programme for the undergraduate and postgraduate students of School of Business, and participating in the screening applicants for the DBA Programme etc. I am sure you can see more of our presence as comparing to the past. I wish to thank again the Excom members for their hard work on this.

To be honest, we need more exposure to contribute not only to our Alma Mater, but also our society at large to really reflect our role and value as DBA graduates. I am happy to advise you that, with the formation of the new and energetic Excom members under the chairmanship of Dr. Eric Chu, I am sure our Association will jump up to a new height. With this, I wish you all to render your full support to the new team and show your active participation in our coming events for further strengthening of our Association.

Last but not least, please allow me to wish you all a happy Chinese New Year and Kung Hei Fat Choy!

Regards,

Felix Yip

Immediate Past Chairman
